

TRAFFIC OFFICER IS DRAGGED BY A HORSE, UNHURT

Policeman Aea Clings to Reins
of Bolting Animal and
Brings It to Stop

In attempting to force a Japanese driver of a frisky colt to obey the traffic ordinance John S. Aea, a new patrolman on duty at Fort and King streets, was dragged more than 600 feet this morning after the horse's bridle had been broken and the colt had started on a wild dash up the street.

According to Supervisors Horner and Quinn, who were eye-witnesses, the Japanese, riding in a one-seated buggy, drove across King street and ignored the signals of the traffic officer. The Japanese refused to stop when the policeman made such an order, according to bystanders, and the officer grabbed the bridle of the horse. The colt became frightened, the bridle broke and with the policeman hanging on the animal turned up Fort street and made a wild dash of more than a block before it was brought to a halt.

The policeman was not injured and he promptly took horse, buggy and Japanese to the police station where the driver was booked on a charge of violating the traffic ordinance. Crowds standing on the sidewalk who witnessed the act of the patrolman cheered him as he returned leading the horse, with the Japanese following behind pulling the buggy.

SAN FRANCISCO GIRL SWIMMER DELIGHTED WITH LOCAL WATERS

Dorothy Alden Becker, the California swimmer, entered Hawaiian waters yesterday for the first time, and declared that it was "just like a dream." She and Ruth Wayson Stacker, the Honolulu champion, swam together, and from the looks of things, the 50-yard race to be pulled off on the 20th will be a great contest.

MISS DOROTHY BECKER.

Miss Becker uses a perfect crawl stroke. She is a little thing and says very little, though she confided to Miss Stacker that this trip was a wonderful experience for her and that the welcome given her and her mother by officials of the Carnival committee and Hul Au Kai was a delightful surprise. Miss Becker and Cliff Bowes delighted the large audience both on the beach and in the water with their graceful dives and "stunts." Miss Becker, who is an adept with the fella, dumb bells and Indian clubs, brought her gymnasium paraphernalia along, and may give an exhibition of her skill.

"The diving stand," said Miss Becker, after she had made her first dive, "is far better than the one we have at the Lulline."

Miss Becker is modest, but confident of herself. Miss Becker's official time of last July is 33.35 seconds, though in practice lately she has equalled the American record of 31 seconds.

The greatest girls' swimming meet that Honolulu has ever witnessed will take place on Saturday, February 20, the first day of the Mid-Pacific Carnival. Lucile Legros, recently timed over the 50-yard course is said to have made the distance in a little over 31 seconds.

LIQUOR BOARD TO RULE TODAY ON PLEASANTON

At a meeting of the liquor license commission, scheduled for a late hour this afternoon, the application of the Pleasanton hotel for selling privileges was to be taken up again and probably definitely denied. The attorney-general gave an opinion several days ago on this matter, ruling that the board must take action, and since the petition does not meet the law's requirements the board could hardly do otherwise than reject it.

The board was prepared to act on the petition at its last meeting several weeks ago, but the disclosure was made that it did not carry the necessary number of signatures of property owners and the petitioner then asked permission to withdraw it for the purpose of seeking to remedy the defect. The attorney-general holds that permission of withdrawal should not be granted when it plainly is sought as a means of evading adverse action by the commission.

The only other application which it is understood was to be considered is that of S. Kube, for a general wholesale license, somewhat similar to the one held at present by Joel C. Cohen.

PERSONALITIES

REV. G. F. MORRILL, lecturer and writer of Minneapolis, Minn., and Mrs. Morrill are visiting at the home of Mrs. Luella R. Emmans, Waikiki. Mr. and Mrs. Morrill arrived Tuesday and will leave for Australia February 24.

The ground on which the building will be erected is 145 by 35 feet. The structure will be 24 feet by 40 feet and will be used to house the offices and displays of the company. It will have nine rooms and will be built of stone. J. Holmberg is the architect and Miki A. Sakai are the contractors.

BIG BOND SALE TO CLEVELAND IS NOW CERTAIN

Change May Be Made in Detail
of \$400,000 Block's
Delivery

The sale of the \$400,000 block of territorial bonds to Otis & Co. of Cleveland is considered closed, the purchasers taking it, as told in the Star-Bulletin yesterday, at a price of one cent above par, or \$1000.10 for every \$1000 bond. A change may be made in the details of the block's delivery to them, however.

Treasurer McCarthy has written Otis & Co. suggesting that they agree to take the bonds on March 15 next, instead of March 5, as at present proposed. The first interest coupon on the new bonds falls due March 15, and if the firm takes them March 5 it will necessitate the payment of interest by the territory for the 10 days, on the first coupons. This is an item of small importance but would tend to complicate the transaction and he really not worth the bother, either for the purchasers or the territory. While the territory may not insist on the brief delay Treasurer McCarthy believes the Cleveland people will gladly acquiesce in it.

As already stated, the money realized, \$400,040, will be available for public use here as soon as the paper is delivered in New York city. The manner and the items on which it will be spent was determined by the legislature of two years ago. It goes into appropriations, chiefly for the reconstruction or extensive repair of three local wharves and the approach, wharf shed and warehouse at the new Kuhio bay pier at Hilo.

Plans for these improvements are either well under way or finished. In the case of the Hilo wharf bids are to be opened shortly for the building of the shed. Everything probably will be in readiness to begin active work on practically all these projects just as soon as the funds become available. By this method the money on which the territory will be paying interest will be put into use and begin making a return for the territory and the public at the earliest possible moment.

WILL NOT OBJECT TO SHAFTER CLUB LICENSE

Dr. J. W. Wadman, superintendent of the Anti-Saloon League, announces he will enter no protest with the territorial treasurer against the license application for a Spanish War Veterans' club near Fort Shafter. The license will grant liquor-selling privileges.

He says he is convinced the club will entertain only bona fide Spanish War Veterans members and their friends and that he has been promised only beer will be served and no bar installed. In other words, he says, it is understood the institution will be a legitimate club for the soldiers, as carefully conducted as the various fraternal and businessmen's clubs in the city.

MYRTLE CLUB MEMBERS INCREASE 10 PER CENT

An increase of 10 per cent in the membership of the Myrtle Boat Club was reported at the annual meeting of the club. The members now number 223, of whom 128 are active, 82 absent and 23 honorary. Fifty new members were added in the year and 36 dropped.

The money expended for repairs in the last year has put all the boats in good condition, but repairs still have to be made to the boathouse. The officers elected for the year follow: Ferdinand Schnack, president; Henry A. Giles, vice-president; A. J. Porter, secretary; Percy Johnson, treasurer; George Crozier, captain; Harry Bailey, auditor; and William Rosa, David Center and Parker Baldwin, trustees.

Little Everett was a member of the Band of Mercy Society, and was proud of the membership. He wore his badge, a small star, as if it were a policeman's insignia, and was often heard reproving other boys and girls for cruel treatment of dogs and cats. One morning a woman of the neighborhood heard a commotion outside Everett's home, and, going to the window, was surprised to find Everett in the act of tormenting the cat. "Why, Everett," she called, "what are you doing to that poor cat? I thought you belonged to the Band of Mercy Society?" "I did," replied the little boy, "but I lost my star."—Lippincott's.
